

Letter From President

Changes are coming to your credit union.

Changes are coming to your credit union. I want to share some exciting news that will mark an important milestone in 2019 our credit unions 50th anniversary year. **GEMC Credit Union will soon have a new name and brand.** Rest assured, the new name will continue to reflect our entire field of membership and our uniqueness as a financial partner. While the new name will be announced in May, I wanted to fill you in on some details today.

The decision to rename and brand the credit union was born out of a strategic planning process with your credit unions Board of Directors and Leadership team. **To ensure the credit unions continued growth and success, our name and brand are being created to inspire you as well as to help improve the experience of the members who built our credit union while also helping us reach outside our historic membership base.**

I want to assure you that your credit unions dedicated staff, friendly service, and our commitment to members will remain the same. In fact, we are excited to soon bring new tools and technologies to members throughout the state. As always, we appreciate your loyalty and help in making your credit union what it is today. We look forward to our shared and continued success building a strong, thriving and innovative credit union for generations to come.

If you have additional questions, please stop by any branch, call (417) 514-3000 or email me directly at denise.swan@gemc.org. We always look forward to hearing from you.

Denise Swan
President/CEO
